**Division of Aging PASRR Update  
April 4, 2016**

- The PASRR Policies & Procedures documents are continuing to undergo development and final editing. The Division of Aging (DA) met on March 22, 2016, for an ongoing conversation with various trade association members who have given their input for the PASRR Redesign plan from the beginning. Those stakeholders will have a chance to offer their review, comments and/or questions. Their feedback is due to the DA no later than April 15, 2016.
- The PASRR Redesign FAQs document containing questions that stakeholders submitted during webinars and via email are nearly finished. It provides guidance on accessing the new system, tools and processes, changes from the current state forms and procedures, and will include upcoming resources and trainings. It will also be searchable. Remember this is a living document, so please continue to email any questions or concerns to Beth Fetzer at [inpasrr@ascendami.com](mailto:inpasrr@ascendami.com). The draft document will be reviewed by DA staff in the next few days and then released for your perusal soon after.
- Keep an eye out for the bright yellow postcards that are being distributed to attendees of various conferences and trainings throughout the state. Labeled, "Indiana's PASRR Redesign Project," they are a good reminder of how to find information on PASRR, and who should begin preparing NOW for the July 1 Go-Live! We encourage you to pick up extra cards and share them with those in your organization who also need the information.
- Copies of the slides presented in the two webinars held in March, "A First Look at Process and Procedure Change," are available on the [Ascend](#) and DA [PASRR Web pages](#). These sessions provided an overview of upcoming changes, information on the importance of PASRR, and case examples of the changes coming July 1, 2016. Please share with your colleagues if they were unable to attend either webinar.
- Make sure to register for the two April Ascend/DA webinars scheduled for April 14 (10 a.m. EDT), and April 28 (3 p.m. EDT). These webinars will begin to cover more detail and focus on how specific features of the PASRR system will change as of July 1, 2016. More details to come about registration.

- Administrators in your facility will manage who can access the Level I system, and you, should have begun to consider who among your staff should be appointed as your AssessmentPro Administrators. These Administrators (two to three per facility) will manage user access for your entire facility and receive special training. Guidelines for determining who should be appointed in your facility are available on the [DA's PASRR Web page](#).
- For those of you not able to attend past webinars, we have scheduled an in-person meeting for April 19 from 1 p.m. to 3 p.m. (EDT). The meeting will be held in Conference Rooms B and C at the Indiana Government Center South at 402 W. Washington Street, Indianapolis, IN 46204-0407. Persons attending this meeting will need to enter the Government Center South building through the public entrance located off Washington Street. Online registration is available [by clicking here](#) Please note that seating is limited.
- Stay informed! Please email Ascend at [INpasrr@ascendami.com](mailto:INpasrr@ascendami.com) with any questions or concerns regarding webinar registrations. You can also sign up [to receive Ascend's email updates](#), as well as the [DA's PASRR email updates](#).
